# PACE OF PLAY POLICY PER R&A

‘We encourage and promote ready golf’  
Ready golf is a commonly used term which indicates that players should play when they are ready to do so, rather than adhering strictly to the “farthest from the hole plays first” stipulation in the Rules of Golf.

- Hitting a shot when safe to do so if a player farther away faces a challenging shot and is taking time to assess the options or is delayed.
- Shorter hitters playing first from the tee or fairway if longer hitters have to wait.
- Hitting a tee shot if the player with the honor is delayed
- Hitting a shot before helping to look for another players lost ball
- Putting out even if it means standing close to another’s line
- Hitting a shot if a player who has just played from a bunker is still farthest from the hole but is delayed in taking their next shot
- Chipping onto the green even if you are closer than other players
- Don’t delay the game by making cards, replacing gloves, measuring distances

**SLOW PLAY**  
If a group fails to keep their place on the course and loses more than one hole on the players in front, they shall call the following group playing behind to play through.

**CONDITION OF COURSE**  
Before leaving a bunker, a player is responsible to ensure the sand is smooth and free of all depressions.

**CARRY and USE** a bag or bottle of sand. Repair all your divots on fairways and pitch marks on greens
